Summary

I keep a business moving from the first call to the finished paperwork. Since August 2024 I've managed operations for a Houston used vehicle dealership across pricing, inventory, vendors, logistics, financing and title processing, and I hire, schedule and manage its staff and write the SOPs they follow. Since June 2025 I've personally closed 53 vehicle sales and collected \$206,777 in sale proceeds, and I built the CRM the team works in every day.
